

The Fallen from Mellor, Mellor Brook, Balderstone, Osbaldeston and the surrounding area.

This Book of Remembrance has been commissioned by
Mellor Parish Council with support from Balderstone Parish Council
to commemorate those who have died in the Service of their Country.

Due to the geography and the migrant nature of the population in the early part of the Twentieth Century, it is not possible to associate those who fell with just one part of the area. Therefore all names found are listed by surname first, alphabetically. Similarly, why they have been linked to the area may not be known.

The names have been found from Commonwealth War Graves Commission website, <https://www.cwgc.org/>,
from Parish Records and from local Churchyards.

Grateful acknowledgement is also given to John Jackson for use of his excellent book
“Balderstone Remembers”

As more information becomes known it will be found on Mellor Parish Council website
<https://www.mellorparishcouncil.org.uk/>

It is hoped that all information known will be passed on for this generation and the next ones.
If you have more information, please make contact so the records can be updated.
